A12. Planning for Cyber bullying future lessons draft (A20)

Aim:

Learn about the threats that people can face on the internet.

Materials:

- List of definitions.
- Names of definitions in strips
- Practical cases PC
- Questionnaire google

Planning:

1. Warm up: Watch video about cyberbullying without any previous content.
2. Brainstorming: When the video is finished, start a classroom conversation and debate about what they have just seen.
3. Presentation: In groups of 4 students will go around the school with a list of definitions and they must find the names stucked around the school and match names and definitions.
4. Back to the class, in groups of 4, they must decide which are the most dangerous. Then, do a group discussion.
5. Practice: Project practical cases and debate them.
6. Kahoot! To evaluate what they have learn.
7. Google questionnaire: reflexion and self-evaluation
